

2014 FORUM FOR DISASTER PREPAREDNESS

Presented by:

VOAD
VOLUNTARY ORGANIZATIONS
ACTIVE IN DISASTER
SANTA BARBARA COUNTY

INSTITUTE FOR
CONGREGATIONAL TRAUMA
AND **GROWTH**

"STRENGTHENING FAITHBASED & COMMUNITY PARTNERSHIPS"

October 2, 2014 9:00-3:30

First Presbyterian, 21 East Constance, Santa Barbara

Join faith-based and community-based leaders, including NGOs, emergency management and response professionals, for a day event to strengthen collaborative efforts for whole-community care in Santa Barbara County.

Keynote speaker, David Myers, Director of the Department of Homeland Security's Center for Faith-based and Neighborhood Partnerships will share about initiatives around the country expanding sector engagement for prevention and rebuilding. Managing Director and field expert, Brie Loskota, of USC's Center for Religion and Civic Culture, will share about current SoCal joint projects among faith-based and community-based partners. Through table-top discussion, participants will actively learn about and create ways for Santa Barbara County to model preparedness and whole-community care after disaster.

Building on the first-ever 2013 Forum for Faith-based and Community Partnerships, SBC VOA and ICTG will expand our forum to host opportunities for you to continue to strengthen your colleagueships, network with local leaders and professionals in emergency preparedness, learn about and create collaborative projects for whole-community care, and enhance your organization's response-ability.
